Words Worth Thinking About

"The cross is the place of exhausted penalty and magnified law. That which covers the sinner entirely and shields him from wrath was finished there. That covering, that propitiatory covering, whose power and virtue are unchangeable throughout all ages, and underneath which we are secure from wrath, was wrought out there. The propitiation of the cross is the substance of the glad tidings which we bring."

Horatius Bonar, "The Cross of the Lord Jesus"
